Played during the alpha, game has only gotten better, Great for multiplayer and looks sexy.. This game sold me in the trailer. Not too many games earn their place in my library from a good trailer but--- This game is just so well designed. I can't wait to see where this title goes when it's complete!. i waited days for this release and when i got it, i loved it. amazing game 11/10. Stellar title! I really enjoyed playing this and it was well worth buying. There is definitely things to improve upon, but I really think with time and love this game will be something great!
